

Want to work abroad?

Working in the Netherlands with DMjob pays!

DM job

You're a trained, skilled worker. You love a challenge, and you're looking for a good long-term job in the Netherlands, where there are great opportunities! You'd like to work for a variety of companies on different projects, but at the same time you want to work for someone you can trust (after all, you'll be leaving your home and family for a long time to work in the Netherlands).

You're looking for a company that will set everything up for you, like a nice place to live and your own transportation. And you also want to have the right papers (BSN number/health insurance/VCA if necessary), and personal protective equipment the day after you arrive, so you can get right to work. After all, that's what you're here for!

DMjob offers you security, quality service, and so much more.

We are proud to work in accordance with the ABU-Fair Employment Code for Work Migrants and the ABU-Fair Recruitment Charter for Work Migrants. See dmjob.nl/abu.

DMjob is your international employer for flexible technical work!

For DMjob, temporary employment is real work for real people. We want to match good workers with good jobs. We really value personal contact and good arrangements. We always aim for a long-term relationship and are very clear and open in our communication (bilingual). After all, honesty is the best policy.

As the engineering and technical temporary employment agency for DM-groep, DMjob has more than 50 years of experience as an intermediary for skilled technical workers. We specialise in services relating to shipbuilding, construction, yacht building, tank building and manufacturing. In addition to Dutch temporary workers and independent contractors, DM-groep employs an average of 100 international temporary workers.

Why does it pay to work with DMjob?
